VOL. XXXIII.

STANFORD, KY., FRIDAY, AUGUST 25, 1905.

NO. 50.

## HUBBLE.

Wm. Doolin has returned from Pulaski with a bunch of stock ewes.

School has been suspended here for a few days on account of scarlet fever. John Hanks, the boss water melon raiser, has a fine patch on L. G. Hubble's farm. Some of the melons weigh 67 pounds.

The protracted meeting at the Christian church, conducted by A. R. Moore and the pastor, F. M. Tindler, closed Monday night with 28 additions.

Mrs. Sarah Eubanks has returned from Illinois, accompanied by Miss Estelle Wilnot. John Bourne and wife, of Bellflower, Ill., are visiting the latter's parents, Mr. and Mrs. J. W. Anderson. Miss Mamie Underwood is with relatives in Lexington. Miss Reta Shevers has returned to Louisville after a visit to Mrs. M. B. Eubanks. James Robinson, of Missouri, is the guest of his grand parents, Mr. and Mrs. James Robinson. James McKechnie has returned from a visit in Wayne. Frank Miller, of Lebanon, Ind., is with his parents for a few days. Mrs. J. B. Robinson has returned to her home in Chattanooga.

## PREACHERSVILLE.

Miss Ada Naylor is visiting Mrs. J. B. Anderson.

Rev. Mack Hutchings preached at the Baptist church Sunday as Bro. Owens was ill.

Both the Methodist and Baptist Sunday schools will have a picnic at Tripping Springs on Sept. 10th.

Tom Howard, of the Posey Ridge section, is visiting Sam Carpenter. Fount and Wesley Blankenship drove over to Brohead Sunday. Mrs. Nancy Morgan, of Brohead, is with her father, Mr. Henry Blankenship, who is on the sick list.

**POWER OF ADVERTISING.**—"I once advertised," said a contractor, "for a donkey engine. I got the very thing I wanted at low price, and when I opened the boiler I found it filled to the brim with smuggled Havana cigars and Jamaica rum. I sold the odd cargo for \$125." Which proves that a wife who go courtin' you don't get a wife; unless you go gunnin' you don't get a bear, and unless you sow newspaper seed you don't raise a crop of customers.

Work on the foundations for the new state house is progressing as rapidly as could be expected. The contractors are finding a rock foundation easier than they expected. It will be only a short while before the work will be ready for the concrete and the granite, and it is hoped that very substantial progress will be made before the cold weather begins. —Frankfort Journal.

Some praise the man behind the desk. The man behind the gun. The man behind the this and that. We huddled every one.

Now, none of these appeal to me: But for a steady job I want to be the man behind The corn upon the cob. —Kansas City Times.

## They Appeal to Our Sympathies.

The billions and dyspepsia are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

A Brown county girl recently sent 50 cents to a Chicago advertiser for a recipe to whiten and keep the hands soft. She received the following reply: "Soak them three times a day in dish water while your mother rests." —Kansas City Journal.

The Louisville Times gives this description of Mrs. Booker T. Washington, the biggest Negress of today: She is a decided brunette, whose charm of manner carries with it subtle suggestion of hot waffles.

First Lawyer—Is your office boy lazy.

Second Lawyer—Lazy! Why, he's killed so much time that he is ashamed to look a clock in the face.

Slek headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale all druggists.

For the wagon he waited With patience and zeal, An' was hit an' run down By an automobile. —Atlanta Constitution.

"Why doesn't Jerrold get married?" "Well, he doesn't earn enough to support a wife, and he isn't shiftless enough to be supported by one.—Life.

## CRAB ORCHARD.

School opened Monday with about 35 pupils. Mr. Gooch is teacher and we hope will prove a good one.

Little A. Y. Culton was accidentally struck in the head with a rock Tuesday and three doctors attended him. He is not seriously hurt.

Mrs. D. C. Payne fell last week, spraining her left arm badly. She was hardly over the breaking of her right arm last year. Elizabeth Payne is out again after a siege with malaria.

Mrs. Bettie Adams has been quite sick but is better. There are several cases of typhoid fever in our vicinity. Mrs. Gornley received a telegram stating that her brother, Ambrose Buford, of Covington, was dying. Our people are saddened at the news of Mr. George Evans' condition and seven orphan girls whom he has remembered each Christmas with \$1, are deeply grieved. Mrs. Elm Farris has gone to visit friends in Richmond.

Two babies arrived in our town some days ago and deserve mention. One to the wife of Louis Hillon, the other to Mrs. Forrest Foley—both fine specimens and pretty as can be. Children are great pets with me and I can always find lots of good things to say about them. At a Sunday school at Cedar Creek the teacher of the little tots was speaking of the sandals worn by people of ancient days, and asked the class where they supposed those people got them. All were silent, but in the bright face of little Shelby Newland a quick thought flashed and up went his chubby hands. "I'll tell you; they bought them from Sears & Roebuck." Shelby is a fine little six-year-old, the son of David Newland, and we think deserves a prize from the above firm.

Mrs. Josie, wife of Mr. Chris Hutchins, died at 3 o'clock Saturday of a complication of diseases. Deceased was raised in Waynesville, N. C., and was married to Mr. Hutchins at Pineville in 1890. Nearly all her married life she was a great sufferer and the last six months of her life was unable to leave her bed. She was a devoted wife and loyal to her friends, whom she delighted to wait upon when able. As a neighbor, none was better. Generous, kind, helpful in the troubles of others, she did what she could to make others happy. For a long time before her death she expressed a willingness to die and often told her family what joy and relief death would be. To the husband who so tenderly and patiently bore with her, and assisted her in every way, we would say: "Grieve not for her, but rejoice that all pains are done and that Josie is now with the faithful of God, enjoying the blessings prepared for them there. So spend the remaining years of your life, that at its close you will again be united and death will be one grand awakening." A large procession followed the remains to our beautiful city of the dead, thus silently testifying their appreciation of her many good qualities. The funeral offerings were beautiful.

## A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure cough or cold. At G. L. Penny's Drug Store, Stanford, Lyne Bros., of Crab Orchard; 50c and \$1.00 guaranteed. Trial bottle free.

A Texas girl advertised for a husband and got him. The total for advertising, wedding outfit, etc. was \$11. Within a year he died, leaving her an insurance policy for \$10,000. With some of this money she bought fashionable "store" clothes, went to Saratoga Springs, N. Y., married a millionaire, and shortly afterward got a divorce from him and \$15,000 a year alimony as long as she lives. And yet there are people who affect to believe that it does not pay to advertise.

## Fleishish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at G. L. Penny's drug store, Stanford; Lyne Bros., of Crab Orchard; guaranteed.

Two Munich scientists have, by means of the Roentgen ray, succeeded in photographing the human heart between beats.

Louisville felt an earthquake shock Monday night which lasted nearly a half minute.

An infernal machine disguised as a box of cigars was sent through the mails to Police Captain Miles O'Reilly, of New York. The box contained gun cotton, with matches so arranged that opening the lid would set the charge off. This makes the third infernal machine sent through the mails at New York in the last four days.

William H. York, aged 70, one of the best-known citizens of Anderson county, was arrested on the charge of murdering his brother, James R. York. The accused man stoutly denies his guilt, but so wrought up are the citizens of Lawrenceburg over the crime that the authorities have removed York to the Louisville jail for safe-keeping.

W. D. Archibald, cashier of the defunct West Liberty Bank, Morgan co., has been arrested on the charge of embezzlement connected with the failure of the bank. It will be remembered that when the bank closed a short time since, companies in which Archibald was said to be interested had overdrawn about \$20,000, which closed the institution.

George M. Smith and his son, James Smith, both of Elmville, Franklin county, were shot to death while repairing a line fence separating their property from that of a neighbor. Cld. Newton, with whom the Smiths had some trouble concerning the fence where they met their death, has been arrested and is now in the Franklin jail. He stoutly protests his innocence.

## Public Is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 346 St. Clair Ave., Columbus, O., writes "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at G. L. Penny's drug store, Stanford; Lyne Bros., of Crab Orchard; price 50c.

MR. T. J. HILL, SR.

The democratic nominee for sheriff of Lincoln county, is one of the best citizens in this or any other section of the State. He is a moral gentleman, a sturdy farmer and a clean man and if elected, which we are absolutely certain he will be, will attend to the duties of high sheriff in a manner acceptable to all. His running qualities were shown in the primary of Dec. 3rd, when he defeated as good a bunch of candidates for sheriff as ever started in a race. It is more than likely that Mr. Russell Dillion, of the Maywood section, will oppose him in the final race and what he will do for that clever young gentleman will be abundant. Mr. Hill is a married man and although comparatively young, has 19 living children. He had the misfortune to lose one about a year ago. Mr. Hill has chosen Messrs. Josh Wilson, of the East End, and Will Hester, a young farmer of this part of the county, as his deputies and they are really a big three when it comes to getting votes. Messrs. Wilson and Hester are both dived-in-the-wool democrats and A 1 men. Mr. Hill has never held office but has been a valiant worker and contributor to the democratic party and is entitled to and deserving of the good office he is sure to fill after Jan. 1st, next.

This sale is the beginning of a series of sales, which will give the buying public of this locality the greatest bargain opportunities they ever had. This is not the Ordinary Sort of Clearing Sale. JUST at present the Negro is a thorn in the flesh of the white republicans of Fayette county. The Lexington Leader, which heretofore has been the Negro's friend to such an extent that it has devoted a part of its edition to Negro news, is giving the sons of Ham some wholesome advice about wanting office and is attempting to convince them that they should be satisfied with voting and keeping the white members of the party in office. The advice is not taken as the Leader man would have it, however, and now a Negro named Garner has announced for magistrate and here is the write-up the Leader gives him: "The Leader publishes Garner's announcement as a matter of business and of news, but it is bound to express the opinion that if he is sincerely a republican, and acting in good faith, he is making a great mistake and forcing an issue that if successful in the preliminary stages is bound to be fatal to his party and disastrous to his race in the end." Some of these long, hot days the Negro will learn who his real friends are and when he does he will no longer remain in a party where the right of suffrage is the only privilege allowed him.

THE Georgia Legislature added eight counties to the 137 and was still adding when adjournment was called. The great State of New York gets along with 61 counties and Ohio with 44, although the one has 9,268,012 population and the other 4,157,545, while Georgia has but 2,216,331. The making of new counties is not generally for the public good, but to benefit some men who want to hold the offices and localities that want to be county seats. It is an industry that the Legislatures of the State have followed too assiduously for the good of the State which is generally taxed to support them.

EFFORTS are being made in New York and other States to abolish the death penalty. The advocates claim that it does not deter men from homicidal acts, though they are bound to admit that it cuts short the homicidal tendency in those upon whom it is inflicted.

MR. SOMERSET JOURNAL CAMPBELL has fallen so deeply in love with "Gumshoe" Hunter that he prints a double column picture of him and refers to him as "our most distinguished citizen."

Dr. W. G. Hunter will hereafter make his home in Somerset. It is not necessary for Congressman Edwards to make a note of this, as he will be reminded of it before the Congressional races bloom again.—Glasgow Times.

Chairman J. Morgan Chinn, of the State election commission, has called that body to meet Aug. 30 for the purpose of selecting county commissioners for the several counties. The meeting will be held in the appellate court room, Frankfort.

James H. Jeffries, of Pineville, and Miss Mary Patterson, a society girl of Mt. Sterling, were married at the latter place.

At Bowling Green Ed McAllister, aged 19, and Miss Luella Cooper, 11, were made one. Parents of the contracting parties gave their consent to the union.

ADAMS-KEENON.—At 10:30 Wednesday morning Miss Nellie Adams, the charming daughter of Mrs. Martha Bright Adams, of Hustonville, and Mr. Rodman Keenon, formerly of Harrodsburg, but now of Frankfort, were joined in wedlock's holy bonds by Rev. J. G. Hunter, of Harrodsburg. The Presbyterian church at Hustonville was handsomely decorated for the occasion and many friends were present to see the happy pair made one. The bride wore a beautiful creation of champagne silk and carried yellow roses and her natural beauty showed to its best advantage. The bridesmaid, Miss Frances Adams, sister of the bride, wore white and carried pink roses. Mr. Cammillis Chatham, of Harrodsburg, was Mr. Keenon's best man. The ushers were Messrs. Gaither Van Arsdale, J. H. Moore and George Roberts, of Harrodsburg, and A. J. Adams, of Hustonville. The ceremony over, the bridal party took lunch at the bride's mother's, after which Mr. and Mrs. Keenon left for Chattanooga, fast train No. 1, stopping for them at Moreland. After a few days there they will go to Washington City and thence to the lakes for a lengthy sojourn. The bride is one of Hustonville's prettiest young ladies and is a social favorite in that section. The groom is a well-known young business man and holds a fine position in the office of the clerk of the court of appeals at Frankfort.

Oysters, even after they have been brought away from the sea, know by instinct the exact hour when the tide is rising and approaching their beds, and so, of their own accord, open their shells to receive their food from the sea as if still at home.

The little daughter of Mrs. John Lea, lately a widow by the supposed suicide of her husband, a sawmill man, who resided near Cleveland, Tenn., has confessed to her grandmother, at Murray, Ga., where she had been sent on a visit, that her mother and James Hix, also a sawmill man, who boarded at the home of the Leas, killed her father.

A buffalo bull recently slaughtered in Iowa brought its owner nearly \$1,000. The head sold for \$600, the hide for \$300, and the meat for 50 cents a pound. In the year 1877 a drove of buffalo estimated at 4,000,000 head crossed the North Platte river in Nebraska, and were worth \$1 apiece for the poachers, who exterminated them for their hides.

These Swiss colonies the people are organizing in various sections of the State may solve the "scarcity of labor" question, but what are we going to do with the hundreds of "laborers" who won't labor, asks the Springfield Sun.

"Yes, Senator," remarked the reporter, "I suppose you sometimes find it necessary to dodge issues!"

"Issues?" snorted Senator DeGraft, "Why, young man, it keeps me busy dodging prison bars."—Detroit Tribune.

The Cynthia Democrat makes this apt observation: The Kentucky Funeral Directors' Association has decreed that advertisements of cut-rate coffins are not permissible. Cutting rates can not make coffins popular, anyhow?

The biggest farm in the world is said to be the noted Ranch No. 101, in Southern Kansas and extending into Oklahoma. As the big ranch has 87,000 acres it takes two States to hold it all at one time. A yearly rental of \$30,000 is paid to the Indian owners for a part of the ranch by the government representing Miller Bros. About 12,000 acres have been brought under the plow while 75,000 are in pasture. Over 500 men are employed to mind the 15,000 cattle and 5,000 hogs. About 300 horses and 500 mules are necessary to do the farm work. The whole ranch is connected with the main office by an extensive telephone system. They do not house their reapers, but let them go as worn out when one has cut 1,200 acres of wheat. The ranch now grows 9,000 acres of wheat, 2,000 acres of corn, 500 acres of oats, 500 acres of alfalfa and 400 acres of rye.

The work of widening Depot street is on in earnest. It will greatly improve not only the appearance, but the convenience of that important thoroughfare.

Will the children of the Methodist Sunday School please to bring their mite boxes on Sunday morning next, or send to Mrs. T. D. Raney the following week? Mrs. Adelia Woods, Lady Manager.

MRS. BETTIE BARNETT has bought through the Lincoln County Real Estate Exchange & Title Co., Mrs. Annie Lasley's home on East Main Street, for \$2,100. The deed went to Mrs. Lasley, who now lives at Orange, Texas, yesterday for her signature.

THE Hustonville fair lost 25 per cent. Inclement weather, heavy expenses and too many fairs were some of the troubles that had to be contended with. Both the Crab Orchard and Hustonville fairs having lost money, what's the matter with them giving away next year and Stanford holding a crackerjack one? Do we hear a second?

HOME BURNED.—The home of Mr. George L. Carter, in the McCormack's church section, burned to the ground about 2 o'clock Tuesday afternoon. Most of the contents were destroyed. Nobody was in the house at the time, but Mr. Carter, who was near by, saved only a few of the valuable things that were in the house. There was \$1,000 or \$1,200 insurance, which falls far short of covering the loss.

THE present summer, which has been a remarkably cool and wet one, is rapidly drawing to a close, less than a week of it now remaining. While we have had copious rains, creeks and branches in many parts of the county are not running and some springs are absolutely dry. Where the rain has gone to is a mystery. Pastures are the best in years and cattle are fat and fine but low in price. The corn crop promises to be the biggest in years.

WRECK.—On account of a rear end collision of freights just this side of Lebanon yesterday morning, No. 23, due here at 12:30, did not come until 5 p. m. It was a "tail-end," as the railroad men speak of it, the second section of No. 34 having run into the first section, while the first train was waiting at the C. & O. crossing. A flagman was 15 telegraph poles behind his train but it is claimed that on account of the fog he was not seen in time to stop the heavy double header. Some eight or 10 cars were wrecked and it took most all of yesterday to clear the track. Strange to say nobody was in the least hurt.

CEDAR CREEK.—Rev. Hutchins will preach at Sugar Grove next Sunday at 11 o'clock. Sunday school at 10. Born, to the wife of Fred Dyehouse, a daughter, Carlton Hunt, while hauling for Wm. Dyehouse, mashed his finger very badly in scotching his wagon. It had to be taken off below the nail. Some rascals entered Sugar Grove school house some time during the institute and broke several panes of glass and tore up the organ. The guilty parties have not been found out, but will be punished to the fullest extent of the law if caught. Mr. and Mrs. John Ford, Lewis Whitt, and wife, Mrs. Lena Adams and Mitchell Whitt visited the family of C. G. Ware at Turnersville. Rev. Goch preached at Sugar Grove Sunday night to a good crowd. Reva, Carmical and Owens will preach at Sugar Grove Friday night before the first Sunday in September. Everybody invited.
